

## Other porcelain insulators

Dongfang supply a large variety of porcelain insulators to Russia, Ukraine and Tajikistan market, below are the main types

Types for pin insulators: SHF10G, SHF20G, SHF20G1, TR20

Types for post insulator: IOR10-7.5-III, I4-80-I, I4-80-II

Types for solid insulator IOS-35-1000, IOS-110-300, IOS-110-400 and etc

Types for porcelain bushing: IPU10/630-7.5, IPU10/1000-7.5, IPU10/2000-12.5, IPU10/3150-12.5

### Main parameters:

Type	SHF10G	SHF20G
Nominal creepage distance(mm)	256	400
Minimum mechanical failing load(kN)	12.5	13
50Hz dry withstand voltage (kV)	65	85
50Hz wet withstand voltage (kV)	42	65
Impulse withstand voltage(kV)	100	135
Puncture voltage (kV)	160	180

For additional specifications please contact our customer service.
